

Apple Valley Woodturners

MAY 2002

Turn, Turn, Turn

That's what the club members did at their May meeting at the home of President Dick Krehling.

After last months meeting and demo by Mike McInerny the chips are finally flying.

The more experienced turners helped the newer members develop some skills. Don Riggs took new member Janet Clayton and took her start to finish turning her very first bowl. At last months meeting Janet had never put a tool to a lathe and by the end of the meeting had turned a pen.

Asked by her friend after the meeting if she was still planning on going fishing, her reply was no, she was going turning. Look out Riggs this lady is going to move to the top fast!!

Bob Pezold introduced bowl turning to William Badanes. Badanes was so captivated that while the rest of the members chowed down on Dick Krehling's meatloaf and sausage and sour kraut, he stayed on the lathe. He may well become another lathe addict.

Art Jenson a former CAW member stopped in to visit and brought with him some very nice threaded lidded boxes highlighted with very fine fluting throughout.

Jenson spent the day explaining the methods he uses.

Jensen originally was our scheduled demonstrator, but had an accident with a saw and cut off his thumb. He now plays the piano with his nose.

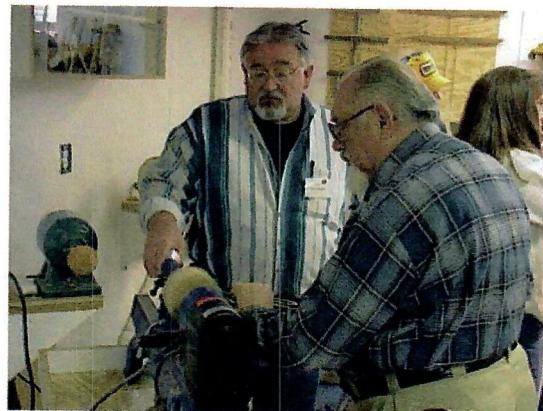

Believe me Art I know what you're going through, I went from being the local wood guru to the village idiot with a pass on the saw.

Don Johnson in between breaking eggs walked Meril Turnbeaugh through the art of turning ring boxes

Dave Pye eased Jim Pitzvanda through rounding-up square stock, planing cuts with a skew and coves and beads

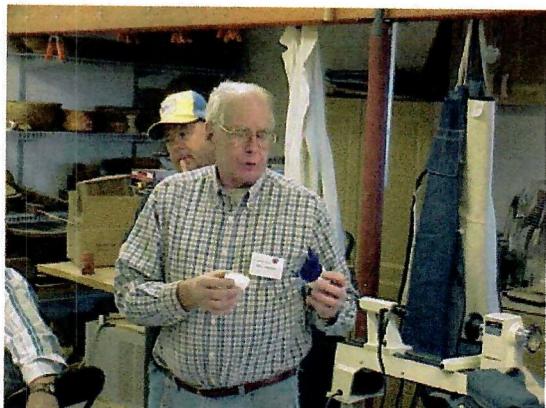

Janet Clayton with her first bowl.

Bob Pezold And William Badanes

Show and Tell

Believe it or not Don, but birds really do come from eggs. Maybe that's a chicken.

Stefan Raab with a nice turning. This was a piece of left over Maple from his kitchen restoration. Nice work Stefan

In these very capable hands Don Riggs holds a two-piece hollow turning

From the Woodchuck

I would like to thank all the people that gave the novice turners a helping hand at the last meeting. These "master turners" and (turners extraordinaire) included: Gene Gillespie, Don Johnson, Joe Malacavage, Bob Pezold, Dave Pye,

Don Riggs~ Robert Van Meter, and Art Jenson. This effort will go a long way in improving the skillevel of our club.

You don't want to miss the June demo. Mr. Rosand is a professional turner and vice president of the AAW. Better come early and get a front row seat.

How about the meatloaf Don?

We still have some pen kits that the club purchased. So come early or stay late and turn a pen.

The June meeting demo will last until about 3:00 you can bring a lunch or we can send out for pizza or subs. There will be a \$10.00 fee to help defray the costs.

This month's raffle will include a Oneway Talon chuck. Keep those chips a flying and change your socks everyday.

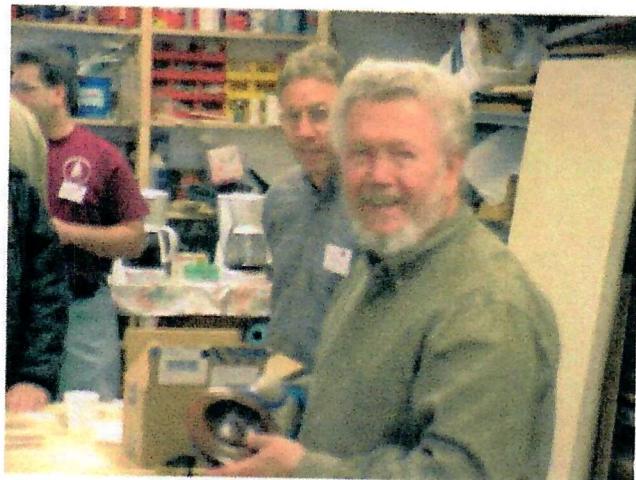

Fund Raiser

We would like to thank all of the members who participated in the fundraiser for the Rafferty family. Thanks also to our cosponsors Torn's Market and the North Mtn Fire and Rescue for their support

CAW and AVW members.
